We are finished working on our reindeer barn for this year. The barn is set up with a 10'x20' catch pen, 10'x10' feed/tack/medical section, 10'x20' hay/feed storage area, 17'x26' multipurpose stall, 13'x26' bull stall, and a 20'x50' community area, complete with four ceiling fans set down the center and of course country music playing 24/7. QuickStructure Arch series buildings are 12% off thru September 2007. We

have also added a garage door onto our Utility series storage building. Don't forget to call for an appointment (715) 274-7306 so you can see these buildings up close.

The online store is completely up and running. In the upcoming months a few new products will be added so don't forget to keep checking. We also carry craft and leather items these items are available only in our catalog. For a copy of our catalog please email your request to sgfhighbridge@yahoo.com

The reindeer are looking beautiful in their dark summer coats and velvet antlers. All of our reindeer have reached maturity and now have the reindeer click in their tendons. Click, Click, Click, is not a myth. This sound develops after a calf is over a year old.

New website photos are added periodically, go to sederholmgamefarm.com and click on photos then click antler growth to watch the changes in reindeer antlers

thru the seasons. All of our reindeer antlers have been sold for this year. If you are interested in purchasing reindeer antlers, call or email to be put on the list for 2008 antlers.

New additions for 2007 are these two cria's both male and sweet as can be. This year we are offering Llamas for sale. Llamas can

be used for packing, driving, wool, and guarding livestock, or you can be like me and just pet and feed them.

We also have a new hatch of Koa. These babies will be ready for your pond and offered for sale beginning spring of 2008.
