

Sederholm Game Farm

Winter/Spring 2007

See us on the Web!
www.sederholmgamefarm.com

The reindeer have been moved to their new barn. We still need to pour concrete and put up end walls. We will have a busy summer. The reindeer barn is a 30'x80' QuickStructure Arch series building with 4' centers set on a 4' wall. If you are in the area, come see our dealer show site and check out these awesome buildings. With spring on the way planting season is

around the corner. A green house is the perfect way to give your garden an early start. QuickStructure buildings are manufactured in Canada, designed to withstand all weather conditions, easy to construct, economical and versatile. For more information and a brochure on these structurally sound and economical buildings, give us a call at (715) 274-7306 or email sgfhighbridge@yahoo.com.

The Emu breeding season is over and the incubator is full. Emu chicks are scheduled to hatch mid April. Last year's chicks have wintered well and are growing rapidly. Now you have several ways to purchase our Emu products: you can shop on line at www.sederholmgamefarm.com, call (715) 274-7306 or email sgfhighbridge@yahoo.com for our catalog. Beginning in mid July we will also have USDA Inspected Emu meat available for purchase. Emu products are 100% natural and 100% guaranteed.

What's on the agenda?

The next few months will be spent harness training the reindeer. Holly and Noel will be the first to get trained. My goal is to have at least one reindeer pulling the sleigh this Holiday Season. While working with the reindeer we will also need to get the horses back on track, the Fourth of July parade comes up fast. As the heat sets in the reindeer can be left to relax until fall. Cricket has been bred, if all went well we will have our first reindeer calf due about June 8, 2007. Come spring we will be grooming the Llamas and training them to pack. I would like to offer llama trekking starting in the fall.

Photo sessions will be offered during the summer months with your choice of chicks, a Llama and/or our miniature goats Simon and Sylvester. Photo sessions usually last about 20 minutes:

Cost is \$30.00

Includes—your session on a CD (12 or more photos)

1—4x6 quality photo of your choice

Tour of the game farm

Photo sessions by appointment.
